19. SCHOLARSHIP

- i) The Jesus College Junior Members' Scholarship
- ii) Jesus College Governing Body
- iii) The JCR/MCR
- iv) Any future scholar

This JCR further notes:

- v) That i) (formerly the Gaza scholarship) has to be slightly amended in light of the support of ii).
- vi) That ii) would like to extend the remit for scholarship applications to include all three universities in the Gaza strip.
- vii) That ii) would also like the scholarship to have a neutral name.

Minutes

of the 3rd ordinary JCR meeting of Trinity Term 2011

viii) That ii) have also asked iii) to agree to underwrite the sum of half of the annual maintenance fees of iv) and make a commitment that i) be offered to other regions of the world after the first scholar has completed his/her degree.

It therefore proposes:

- ix) That iii) ratify the amendments outlined in vi) and viii).
- x) That iii) agree to name the scholarship i).
- xi) That in the interest of iv), iii) agree that no motion of iii) can remove the battels charge whilst iv) is still at the college.
- xii) That iii) mandate Emily Dreyfus to give finalists the opportunity to contribute to the scholarship fund before they leave college

Proposed: Emily Dreyfus

Seconded: Ross Evans

-GB: 14 votes for, 3 against. Have agreed to waive college fee (contrast from Academic Committee)

OREN:

-Recommendations made stems from concerns over political edge of name, and connections

between IUG and Hamas, and explicit anti-semitic sentiments/holocaust denial by IUG Committee etc
-Conflict over nature/extent of damage done to IUG
-But all students in Gaza do face academic isolation- must think of future instances/other places where scholarship may be provided

OPEN FLOOR:

-Financial: inability to remove battels charge simply means no JCR motion can be put in to remove entire system of battels charging, opt-out still viable whenever
- In case number of opt-outs makes scholarship unfeasible, JCR asked to make up cost, but very unlikely (never happened in Teddy Hall example)

MOTION PASSES

20. CONSTITUTIONAL CHANGE- ONLINE VOTING

This JCR notes:

- i) Election Times
- ii) 10am-6pm
- iii) Online Voting
- iv) JCR Committee to man the ballot

This JCR further notes:

- v) That it was once necessary for the iv) each time there was a JCR Election
- vi) That we have now introduced iii) and so it is no longer necessary for the iv)
- vii) That the i) were changed in the constitution to make it easier for the iv) and are currently ii)
- viii) That with iii) returning the i) to 9am-9pm gives people more time to vote, and is easier for those who have labs/are busy.
- ix) That in addition to this, there are several clauses in the constitution that refer to “ballot papers” which will be irrelevant once iii) begins

This JCR therefore proposes:

- x) To change the constitution so that elections can be held from 9am-9pm using the iii) system.
- xi) To also change the relevant parts of the Constitution to allow for iii). This will include the change from the AV voting system to the STV voting system.

21. CONSTITUTIONAL CHANGE- EQUAL OPPORTUNITIES SUB-COMMITTEE

This JCR notes:

- i) Diversities Officer and International Students' Rep
- ii) Equal Opportunities Sub-Committee
- iii) Equal Opportunities Officer

This JCR further notes:

- iv) There are students of various different ancestries, sexual orientation, faiths, and cultural backgrounds in Jesus College.
- v) Currently these students are represented only by the i) who sit on the JCR Committee.
- vi) The introduction of a Black Minority Ethnic Rep, a specific LGBTQ Rep, a Women's officer, and possibly even specific culture/faith reps (e.g. CU Rep, China Rep etc.) would ensure that the welfare of students at Jesus is better cared for.
- vii) The nature of such positions is one of support, and means that there is little for them to do on JCR Committee, but they are necessary additions to college's welfare system, especially at times like

pre-Freshers week, where incoming Freshers tend to have lots of questions specific to their own culture.

This JCR therefore proposes:

- viii) To introduce an ii), consisting of various appointed officers of the like mentioned above, which will aim to be fully representative of all the different and diverse cultures that Jesus College has to offer.
- ix) To abolish the roles of i) creating instead an iii) for the JCR Committee.
- x) The main job of the iii) will be to head the ii), appointing and leading officers to represent any minority group that the JCR at the time feel should be catered to and otherwise taking on the duties of the current i), delegating them to Sub-Committee officers as appropriate.
- xi) The iii) will be required to submit a report to the JCR at the final JCR meeting of each term to ensure that officers have been appointed fairly and that the ii) is functioning as intended.
- xii) This ii) and its constituent officers should then be recognised by college as the official body representing

minority students with which it should liaise on matters concerning equal opportunities.

Proposed: Danielle Zigner

Seconded: Yoon Hur

Women's Welfare/Officer difference? Officer more about campaigning etc rather than support

Minutes

of the 3rd ordinary JCR meeting of Trinity Term 2011

- v) That iii) are really important and worthwhile
- vi) That iii) is time-consuming
- vii) That the i) does not have time to organize all such schemes to their greatest potential

This JCR therefore proposes:

- viii) To add it to the duties of the i) to organize an ii) of all students who wish to be involved.
- ix) The aims of the ii) will be to run access initiatives for college, work with the i) to help with any academic issues the i) might be facing at the time, run academic feedback sessions, and in general to ensure both that all students who might want to are able to apply to Jesus College, and that when they get here their academic needs will be best looked after.

- vi) That these ii) include but are not restricted to admissions, advertising, and feedback to charitable foundations and donors.
- vii) That these ii) would most efficiently and reliably be carried out by a iii) who could take up Emily's place as the leader of the joint Scholarship Working Group (made up of JCR/MCR/SCR members).

This JCR therefore proposes:

Proposed: Will Normington
