This JCR further notes:

As many member of college are aware, the ballot system for i) within Jesus can have the capacity to cause much ii) amongst college members. This situation of trials and tribulations could easily be avoided by acquiring a "iii)" system of iv) within the college. Within this system students would fight for the right to their position within the v), and be able to choose their i) accordingly. Those members of the JCR who no longer require to v), and by consequently being the victors of the previous iii), shall be given powers to preside as vi), and unleash what torments they see fit. Flat teams are encouraged, as there is not enough awareness amongst vii) regarding their peers viii) whilst in the wilderness.

Therefore, this JCR proposes to introduce a iii) battle v), overseen by President Leo "Snow" Gebbie, in order to reduce ii) within college and fairly allocate i), whilst providing ix) for all students. As well as x) for the college by reducing the overall student population.
