Motion passes unanimously.

- Leo G - What money?
 - Daf - Going to have meeting with jukebox supplier with John. What is the general feeling.

AGENDA

of the 3rd ordinary JCR meeting of Hilary Term 2014

- Rachael - Accommodations services should email meter readings. Her flat (22 in Stevens) has had problems. Don't want to have mistakes.

- Chris Y - Motion already passed.

Motion passes (bar 2 abstentions)

25. FIX THE SKY

This JCR notes:

It therefore proposes:

that this is unacceptable and should be fixed by tomorrow or impeach the jcr committee

Proposed: Chris Smith

Seconded: bryan

- Chris S - Hasn't been fixed for six months.
 - Alex P - Half fixed it. Wiring is all wrong according to Sky. Would cost £8000 to re-wire Sky. First meeting of this term - get an AV sender. Should have signal from JCR office to JCR. One should be here in the next few days. Not here by tomorrow.
- Eddie S - Have we been charged for 6 months from Sky.
 - Alex P - yes.
- Ryan LG - Modern or old box?
 - Alex P - Sky have changed everything they can.
 - Leo G - If what we are doing doesn't work, then we'll put sky box behind the television. Could look into doing that.
 - Chris S - Could do that now?
 - Eddie S - How much would it cost to get a different provider? Feel messed about by Sky.
 - Ryan LG - £8000 to rewire. Surely cheaper to make it safer and keep in JCR.
 - Dougie - Is it in office because of problems?
 - Leo G - Perhaps there isn't a signal point there.

- v) the MCR
- vi) pilot meals

This JCR further notes:

- vii) That although (i) have at least one option at every meal in (ii), (iii) often only have the salad bar as an option and are unable to attend (ii) because it is unlikely that they will be catered to.
- viii) That going to (ii) is an important part of social life in (iv) and no one should be excluded from this.
- ix) That non-(iii) can also enjoy (iii) meals.
- x) That (iii) meals are much more environmentally friendly than meals containing meat, or even (i) meals.
- xi) That Debbie, the head chef, and Ruedi Baumann, the Director of Accommodation, Catering and Conferences, have both agreed to run the (vi) below, provided they have the support of the student community.
- xii) That (v) originally proposed this motion and it passed at the beginning of this term.

It therefore proposes:

For the JCR to officially pledge its support for the (vi) to begin running in Hilary Term, which would involve:

- There being a (iii) option instead of a (i) option every Monday dinner
- There being an open invitation from Debbie to all students calling for vegan recipes
- There being an agreement to revisit this issue in Trinity term and potentially make it a permanent change, or amend it to better suit the needs of (v), JCR and Jesus College members or staff.

Proposed: Beth Jones

Seconded: Matthew Knight

- Beth J - Won't affect meat options in hall. Making vegan meals more accessible. Off putting if you want to try vegan lifestyle. No options there. Just a trial. MCR passed it. Similar support there.
- Chris Y - College make provision for people with dietary requirements such as this. Does this solve the issue?
 - Eduin BL (Vegan) - Just a trial. Have to wait for something to do something special. It's a good thing to do, if you do eat one vegan meal a week. Just to have more vegan meals in general.
 - Beth J - better ways to try it. Would have to contact caterers etc. Would be nice for people to try.

Motion passes (21 for, 0 against, 5 against)

27. BALLOT PROBLEMS

This JCR notes:

- (i) That this year there have been more applicants for rooms in college, than there are rooms in college available for the non-first year JCR members
- (ii) That the ballot was draw for single, three and four person flats before anyone was notified about the discrepancy between availability and applications.
- (iii) That in future years the same problem may arise with numbers of three person or four person flats.

It therefore proposes:

- (iv) To mandate the JCR President to arrange with college a system whereby the numbers of applicants and availabilities of rooms or flats are evaluated before the ballot is performed, to ensure that everyone who is entered into the ballot draw for the particular type of accommodation is able to get that type of accommodation.

Proposed: Ellie Armstrong

Seconded: Matt Knight

- Matthew Knight adopts motion.

AGENDA

of the 3rd ordinary JCR meeting of Hilary Term 2014

- Matt K - self explanatory motion.
- Leo G - re-ballots could have been avoided if we could increase time between forms submitted and ballots. College rooms were massively oversubscribed. People who no longer have single rooms would have been put at bottom so it's fairer to have a re-ballot. Will talk to college to prevent this happening.

Motion passes unanimously.

28. ANNOUNCEMENTS PERIOD

- Lydia C - Does anyone want to help her carry a piano?
 - Dougie - will do it.

29. ANY OTHER BUSINESS

- Ryan LG - Roman numerals? Is it necessary? Is it constitutional? Prefer layout such as that by Ellie Armstrong in previous motion.
 - Matt K - not constitutional.
 - Ryan LG - See what people think about them.
 - **Took a vote - unanimous - people do not like roman numerals.**
- Chris S - microwave?
 - Leo - (see above)
- Alex P - Idea to enliven JCR meetings. Have JCR members send it requests. Set aside for fun motions. Positive. Get people involved in JCR meetings. At the end of term, vote for what deserves the money. Want opinions.
 - Laura N - £1000 a year? (yes).
 - Ryan LG - Will there still be fun meetings in them.
 - Alex P - propose in AOB. Up to JCR how it works.
 - Sam S - for big things, not just for £20 (which would stay in the meetings).
 - Popular opinion.

30. NEXT MEETING

- Monday of 7th: 5:15pm.
