Elysia - who would want stag leggings? Lots

Jess - motion to mandate sports captains to be first aid trained following the hockey incident.

Would this mean they have to be at matches? No but they normally are.

Would this be offered to other members? initially just captains but maybe others depending on cost.

Rugby had to be first responder training by uni so could do it through that. Jess has not fully looked into this yet, just wants to gain interest before putting a motion in.

Could we get more first aid kits? Have 3 at Barts and they should be provided at away games by host team.

Em Dem - If the bop was on Saturday we wouldn't go to Plush so would go to Camera, which is shit (biased as shuffle rep) but we would either have everyone at Camera or miss the rowers on Friday Wahoo.

When will we know the day? Make a poll tomorrow on the Facebook group.

AGENDA

3rd ordinary JCR meeting of Hilary Term 2016

19. 109th Varsity Boxing Match

This JCR notes:

- i. That the 109th Boxing Varsity Match is happening on the 5th of March.
- ii. That sport is an integral part of university life.
- iii. That many students in Jesus take part in Boxing and re interested in Boxing.
- iv. That it is the first year that women will be competing in Varsity.
- v. That Jesus College should encourage its students to show support for their university team, especially if someone from college is competing.
- vi. That Jesus College should support the new development of women taking part in Varsity.
- vii. That subsidising tickets will encourage a greater participation from students from Jesus College.

It therefore proposes:

- viii. The JCR subsidise tickets (excluding ringside) by 50% for up to 40 tickets, which will cost between £180 and £350 depending on tickets bought (if all 40 are purchased).
- ix. Or, the JCR purchase 30 of the cheapest tickets to hand out to students, at a cost of £270.

Proposed: Matt McFahn

Seconded: Tim Lee

- Matt not here
- Tim L - Reasoning is that Jesus people go to matches anyway so we should support Matt.
- John -Where is it?
- Tim L -Union
- Llew- do we have to pay or is it subsidised?
- Tim L - depends on what option is voted for.
- Charlie- If people go why did we need to subsidise?

AGENDA

3rd ordinary JCR meeting of Michaelmas Term 2015

- Tim L - Other colleges have subsidised and they want to sell out the event.
- Why pay for this sport and not other sport, also just for 40 people?
- Tim L -well... i think its good, people should be actively going to sports varsity.
- Lottie - what does we subsidise all sports, have a sports budget for this?
- David - could be looked into as part of JCR budget.
- Ed- is just Matt boxing from Jesus?
- Tim L -Don't know, probably
- Tim B - who would go? (2) if there was a JCR budget for varsity attendance how would the money be split? (no answer)
- Tim L - only first 40 subsidised, money subsidised in hindsight if less people go.
- Tim B - would 4 people get £20 off? Would still be subsidising £35 tickets at half price...
- Leo - Don't understand how the motion works and if the treasurer doesn't understand the motion probably shouldn't pass.
- Matt - When is it?
- Tim L - 5th week. Could amend the motion for the next meeting?
- David - Can't amend the motion now but Matt can bring it back next time if it falls now.
- Luke - Don't know what level tickets people would go for so don't know how much money would actually be spent.

20. Funding for Garden Tour

This JCR notes:

- i. That Jeremy 'Jezza' Dickson and his team do a great job with the plants, flowers and dainty shrubs that can be found in our quads.
- ii. That the best way to appreciate said work would be via a tour of the gardens hosted by the esteemed Jezza himself.
- iii. That any such tour will only be enhanced by a bubbly accompaniment.
- iv. That a half an hour break from work to look around our gardens could provide significant welfare benefits.

It therefore proposes:

- v. To provide Luke Green with up to £30 to source prosecco and paper cups for the Garden tour happening next Tuesday at 2pm. It will be ensured that the bottles and cups are recyclable in order to reduce waste.

Proposed: Luke Green

Seconded: Jessica Keating

- Luke - quite a bit of demand on the Facebook group, Jezza thinks 12 people will turn up. Also plays into campaign for student switch off, could make this a termly thing like the fellows library being opened.
- Matt - Don't you have an E and E budget?
- Omar - No, but I could have just given you the money
- Luke - Its good advertising to have a motion.
- Matt - should have asked for more money
- Omar- there is a £40 leeway
- Tim B - what bubbly would you get?
- Luke - probably basic

AGENDA

3rd ordinary JCR meeting of Michaelmas Term 2015

- Lew - Where will the drinks be served?
- Luke- At the start of the event in 1st quad then walk round
- Tim- what of you don't like bubbly
- Luke - i forgot to add soft to the motion.

21. Funding for the Oculus Journal

This JCR notes:

- i. That the Edgar Wind Society for Art and Art History produces a yearly Oculus journal, featuring original artwork and writing about art from Oxford students, that aims to provide a stimulus for reflection on and creation of visual art.
- ii. That this college is involved with the journal in the form of Sabhbh Curran and Miriam Gordis who are members of this JCR and are on the committee for the Edgar Wind Society.
- iii. That creating and writing about art are an important contribution to Oxford's arts scene and that to display original artwork to its best effect requires high-quality printing.
- iv. That members of this college are heavily involved in the arts in the form of the Turl Street Arts Festival, which will display original artwork and creative writing from Jesus College students and that the Oculus Journal gives these students a chance to further engage with visual art.
- v. That the Oculus Journal has previously featured content from renowned art historians and critics such as Dr. Hanneke Grootenboer, current head of the Ruskin School.
- vi. That this JCR will receive copies of the Oculus journal when it is printed.

It therefore proposes:

- vii. To provide the Edgar Wind Society with £150 to help with printing costs for the Oculus Journal.
